

## Triisopropyl orthoformate (TIPOF)

|                   |                            |
|-------------------|----------------------------|
| CAS-No.           | 4447-60-3                  |
| EINCES-No.        | 224-688-9                  |
| Molecular weight  | 190.3 g/mol                |
| Description       | Clear, colourless liquid   |
| Packaging         | Steel drum with 170 kg net |
| Country of Origin | Germany                    |

### Specification

| Property | Value     | Unit | Method |
|----------|-----------|------|--------|
| Purity   | min. 98.0 | %    | [GC]   |

### Physical Data

| Property                | Value (approx.) | Unit              | Method     |
|-------------------------|-----------------|-------------------|------------|
| Boiling point at 26 hPa | 64 - 65         | °C                | DIN 51 356 |
| Flash point             | 42              | °C                | DIN 51755  |
| Density (20 °C)         | 0.86            | g/cm <sup>3</sup> | DIN 51 757 |
| Ignition temperature    | 350             | °C                | DIN 51794  |

Safety data, transport regulations and toxicological data are indicated in the safety data sheet.

This information and all further technical advice are based on our present knowledge and experience. However, it implies no liability or other legal responsibility on our part, including with regard to existing third party intellectual property rights, especially patent rights. In particular, no warranty, whether express or implied, or guarantee of product properties in the legal sense is intended or implied. We reserve the right to make any changes according to technological progress or further developments. The customer is not released from the obligation to conduct careful inspection and testing of incoming goods. Performance of the product described herein should be verified by testing, which should be carried out only by qualified experts in the sole responsibility of a customer. Reference to trade names used by other companies is neither a recommendation, nor does it imply that similar products could not be used.
